PORTRAIT FINISHES

Luster Finish

A portrait with a slight gloss and a subtle pearl like texture. Offering deeper color saturation, finger print resistance. Our UV coating comes as a polished, lustrous coating that protects your portraits from extended periods of sunlight , moisture, and scratches.

Canvas Finish

A classic linen texture with light brush strokes, along with UV coating, is added to your portrait. Your portrait will be mounted and wrapped onto a wooden stretcher frame.

(16 x 20 size prints only)

RETOUCHING \$15 PER POSE

All packages and portraits you order will be cropped & color corrected.

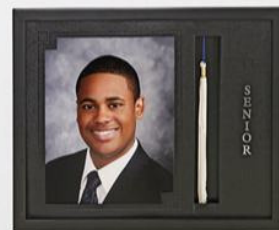

Standard retouching will remove basic facial blemishes, however it will not make corrections to stray hairs, teeth, glasses, shines.

CUSTOM ENHANCEMENTS \$35 PER POSE

For more challenging corrections, we offer state-of-the-art Digital Retouching. If you have a special correction concern (remove braces, glare, moles, retouching stray hairs, minor scares, tan lines, tattoos, bra straps, freckles, etc), then be sure to add this feature.

1- Senior Panel Frame

1- Graduate Plaque

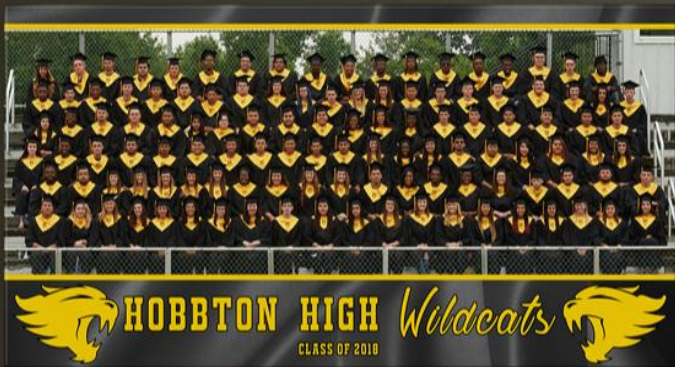

1- 16x20 Gold Leaf Frame (Not real Gold)
